OhioNET Community Collaboration Teams
Application 2017

Please help us understand your vision for developing an OhioNET Community and your role in facilitating it.

You may choose to answer these questions in the space provided or send your responses as a separate attachment.

1. **What topic do you propose for an OhioNET Community?**

2. **Who would be on your team?**
   (There must be at least 2 people per team, representing at least 2 different types of libraries.)

3. **What experience do you have with your Community topic?**

4. **Can you describe the types of interactions you expect within your Community (i.e. sharing content, promoting discussion, archiving content, etc.)? What are the tangible manifestations of those interactions (i.e. “deliverables”)?**
5. How will you accomplish those interactions?

6. How might the $1500 grant aid you in accomplishing those interactions?

7. How will you specifically engage in multi-type collaboration within your Community?

8. What outcomes do you expect to have as a result of your project?

9. Is there anything else you would like us to consider as part of your application?
